About APE

The Asia Photonics Expo (APE), an internationally leading platform for comprehensive photonics brand promotion and business negotiations, will be held from **4 to 6 February 2026, at the Sands Expo and Convention Centre in Singapore**. The expo will focus on cutting-edge innovative technologies and emerging application markets in fields such as optical communication, optics, lasers, infrared, intelligent sensing, quantum, and semiconductor.

As the sister exhibition of CIOE (China International Optoelectronic Exposition), APE is strongly supported by organisations such as the **Singapore Tourism Board (STB)**, the **Singapore Economic Development Board (EDB)**, **Enterprise Singapore**, and the **Singapore Precision Engineering and Technology Association (SPETA)**. The expo integrates high-quality resources, actively promotes the coordinated development of the industry supply chain, and expands new business areas, providing a one-stop opportunity for technical exchanges and business cooperation in Asia and globally.

Located in the strategic core of Asia, Singapore offers an excellent opportunity for exploring and expanding the Asian market through APE. It will be the best channel for companies to enhance brand awareness and expand their influence in new fields.
